

Nagambie Golf Club

Nagambie Golf club has been at the current location for over 20 years. Prior to the setup of the greens course at the Cemetery Lane address Nagambie Golf Club was a winter only sands course located along Racecourse road.

The development of the course, in it's current location, allowed the club to create an all year round greens course. The course consists of BENT grass greens and with the help of local businessman Gerry Ryan the club purchased a desalination plant 5 years ago that has provided summer time irrigation for both greens and fareways. With the support of the "spinkler" brigade the course is in fabulous condition.

Here is your opportunity to reap the rewards of the labour & love of many members of the club who continue to devote time to improve the course.
